***About the State Board of Administration***

The statutory mandate of the State Board of Administration (SBA) is to invest, manage and safeguard assets of the Florida Retirement System (FRS) Trust Fund and a variety of other funds for state and local governments. FRS Trustees are dedicated to ensuring that the SBA invests assets and discharges its duties in accordance with Florida law, guided by strict policies and a code of ethics to ensure integrity, prudent risk management and top-tier performance. The SBA is an investment fiduciary under law, and subject to the stringent fiduciary duties and standards of care defined by the Employee Retirement Income Security Act of 1974 (ERISA), as incorporated into Florida law. The SBA has three Trustees: the Governor, as Chairman, the Chief Financial Officer, as Treasurer, and the Attorney General, as Secretary.

The FRS Pension Plan provides defined pension benefits to 1.1 million beneficiaries and retirees. The strong long-term performance of the FRS Pension Plan, one of the largest public pension funds in the nation, reflects our commitment to responsible fiscal management.

The SBA’s mission is to provide superior investment management and trust services by proactively and comprehensively managing risk and adhering to the highest ethical, fiduciary, and professional standards.

We encourage you to review additional information about the SBA and FRS on our website at [www.sbafla.com](http://www.sbafla.com).

## **Section 1: Protecting Florida’s Investments Act (PFIA)**

### **Summary**

On June 8, 2007, the PFIA was signed into law. The PFIA requires the State Board of Administration (“SBA”), acting on behalf of the Florida Retirement System Trust Fund (the “FRSTF”), to assemble and publish a list of “Scrutinized Companies” that have prohibited business operations in Sudan and Iran. Once placed on the list of Scrutinized Companies, the SBA and its investment managers are prohibited from acquiring those companies’ securities and are required to divest those securities if the companies do not cease the prohibited activities or take certain compensating actions. The implementation of the PFIA by the SBA will not affect any FRSTF investments in U.S. companies. The PFIA will solely affect foreign companies with certain business operations in Sudan and Iran involving the petroleum or energy sector, oil or mineral extraction, power production or military support activities.

As of November 10, 2023, the list of sectors subject to Iranian scrutinized operations was expanded to include the energy, petrochemical, financial, construction, manufacturing, textile, mining, metals, shipping, shipbuilding, and port sectors of Iran. The SBA is working with our external research providers to implement new screens to identify revenue and investment thresholds that capture scrutinized business operations in the expanded sector list for Iran. Future quarterly reports will include any companies identified under the expanded methodology for the Iran Terrorism Sectors List.

This quarterly report is developed pursuant to Section 215.473 (4), Florida Statutes. Scrutinized activity in Sudan is defined by the Statutes as occurring within the “Government of Sudan,” or the Republic of the Sudan that has its capital in Khartoum, Sudan. Note, the PFIA only applies to assets governed by Chapter 121 (“Florida Retirement System Act”), and therefore does not affect any non-FRS funds managed by the SBA.

### **Primary Requirements of the PFIA**

The PFIA created new reporting, engagement, and investment requirements for the SBA, including:

1. Quarterly reporting to the Board of Trustees of every equity security in which the SBA has invested for the quarter, along with its industry category. This report is posted on the SBA website.
2. Quarterly presentation to the Trustees of a Scrutinized Companies list for both Sudan and Iran for their approval. Scrutinized Company lists are available on the SBA’s website, along with information on the FRSTF direct and indirect holdings of Scrutinized Companies.
3. Written notice to external investment managers of all PFIA requirements. Letters request that the managers of actively managed commingled vehicles (i.e., those with FRSTF and other clients’ assets) consider removing Scrutinized Companies from the product or create a similar actively managed product that excludes such companies. Similar written requests must be provided to relevant investment managers within the defined contribution plan.
4. Written notice to any company with inactive business operations in Sudan or Iran, informing the company of the PFIA and encouraging it to continue to refrain from reinitiating active business operations. Such correspondence continues semiannually.
5. Written notice to any Scrutinized Company with active business operations, informing the company of its Scrutinized Company status and that it may become subject to divestment. The written notice must inform the company of the opportunity to clarify its Sudan-related or Iran-related activities and encourage the company, within 90 days, to cease its scrutinized business operations or convert such operations to inactive status.
6. A prohibition on further investment on behalf of the FRSTF in any Scrutinized Company once the Sudan and Iran scrutinized lists have been approved by the Trustees. All publicly traded securities of Scrutinized Companies must be divested within 12 months after the company’s initial (and continued) appearance on

the Scrutinized Companies list. Divestment does not apply to indirect holdings in actively managed commingled investment funds—i.e., where the SBA is not the sole investor in the fund. Private equity funds are considered to be actively managed.

7. Reporting to each member of the Board of Trustees, the President of the Senate, and the Speaker of the House of Representatives of Scrutinized Company lists within 30 days of creation, and public disclosure of each list.
8. Quarterly reporting of the following to each member of the Board of Trustees, the President of the Senate, the Speaker of the House of Representatives, the United States Presidential Special Envoy to Sudan, and the United States Presidential Special Envoy to Iran. The report is made publicly available and posted to the SBA's website.
  - a. A summary of correspondence with engaged companies;
  - b. A listing of all investments sold, redeemed, divested, or withdrawn;
  - c. A listing of all prohibited investments;
  - d. A description of any progress related to external managers offering PFIA compliant funds; and
  - e. A list of all publicly traded securities held directly by the State.
9. Adoption and incorporation into the FRSTF Investment Policy Statement (IPS) of SBA actions taken in accordance with the PFIA. Changes to the IPS are reviewed by the Investment Advisory Council (IAC) and approved by the Trustees.
10. Relevant Sudan portions of the PFIA are discontinued if the United States revokes all sanctions imposed against the government of Sudan, or if the Congress or President of the United States affirmatively and unambiguously states, by means including, but not limited to, legislation, executive order, or written certification from the President to Congress, that:
  - a. The Darfur genocide has been halted for at least 12 months; or
  - b. The government of Sudan has honored its commitments to cease attacks on civilians, demobilize and demilitarize the Janjaweed and associated militias, grant free and unfettered access for deliveries of humanitarian assistance, and allow for the safe and voluntary return of refugees and internally displaced persons; or
  - c. Mandatory divestment of the type provided for by the PFIA interferes with the conduct of U.S. foreign policy.
11. Relevant Iran portions of the PFIA are discontinued if both of the following occur:
  - a. The Congress and President of the United States affirmatively and unambiguously state, by means including, but not limited to, legislation, executive order, or written certification from the President to Congress, that the government of Iran has ceased to acquire weapons of mass destruction and support international terrorism; and
  - b. The United States revokes all sanctions imposed against the government of Iran.
12. Cessation of divestment and/or reinvestment into previously divested companies may occur if the value of all FRSTF assets under management decreases by 50 basis points (0.5%) or more, as a result of divestment. If cessation of divestment is triggered, the SBA is required to provide a written report to each member of the Board of Trustees, the President of the Senate, and the Speaker of the House of Representatives prior to initial reinvestment. Such condition is required to be updated semiannually.
13. In 2009, the Florida Legislature approved a bill requiring the SBA to identify and offer, by March 1, 2010, at least one terror-free investment product for the FRS Investment Plan. The product must allocate its funds among securities not subject to divestiture, as provided in F.S. 215.473.

14. As of July 1, 2014, Florida Statute 624.449 requires that a domestic insurer shall provide to the Office of Insurance Regulation on an annual basis a list of investments that the insurer has in companies included on the “Scrutinized Companies with Activities in Sudan List” and the “Scrutinized Companies with Activities in the Iran Terrorism Sectors List.” Additionally, F.S. 215.473(3)(e)(2) now exempts Exchange Traded Funds from the provisions of the PFIA.
15. As of July 1, 2014, Florida Statutes clarify that the recently created “Government of South Sudan” means the Republic of South Sudan, which has its capital in Juba, South Sudan. Scrutinized activity refers to the “Government of Sudan,” which means the Republic of the Sudan that has its capital in Khartoum, Sudan. Within this report, “Sudan” refers to the latter.
16. As of July 1, 2016, and further enhanced as of November 10, 2023, the requirements for the expiration of PFIA investment protocol were amended and new quarterly reporting requirements were implemented. Florida Statutes require the following criteria for discontinuing Iran portions of the PFIA:
  - a. The Congress and President of the United States affirmatively and unambiguously state, by means including, but not limited to, legislation, executive order, or written certification from the President to Congress, that the government of Iran has ceased to acquire weapons of mass destruction and support international terrorism; and
  - b. The United States revokes all sanctions imposed against the government of Iran.

### ***Definition of a Scrutinized Company***

The following is a brief review of the criteria on which the active business operations of companies must be judged, in accordance with 215.473, F.S.

#### ***Sudan:***

1. Have a material business relationship with the government of Sudan or a government-created project involving oil related, mineral extraction, or power generation activities, or
2. Have a material business relationship involving the supply of military equipment, or
3. Impart minimal benefit to disadvantaged citizens that are typically located in the geographic periphery of Sudan, or
4. Have been complicit in the genocidal campaign in Darfur.

#### ***Iran:***

1. Have a material business relationship with the government of Iran or a government-created project involving oil related or mineral extraction activities, or the energy, petrochemical, financial, construction, manufacturing, textile, mining, metals, shipping, shipbuilding, or port sectors of Iran, or
2. Have made material investments with the effect of significantly enhancing Iran’s petroleum sector.

Affiliates of companies with scrutinized business operations are also subject to the requirements of the PFIA. An affiliated company is generally defined as any other company that either directly or indirectly controls, is controlled by or is under common control with the company conducting scrutinized active business operations. Control generally means the power to exercise a controlling influence over the management or policies of a company. As well, many companies have parent-subsidary relationships whereby a parent company may own several other companies. In such cases, the SBA has included any known parent and/or subsidiaries that can be clearly linked to a company with scrutinized active business operations. The SBA has used a 50 percent ownership threshold in determining whether companies are affiliated, examining parent company-subsidary ownership on a pro rata basis.

The SBA views companies which have explicit plans and activities related to discontinuation of active business operations as meeting the PFIA definition of substantial action. For all identified companies, the SBA will request

information detailing company actions to discontinue its active business operations, or details regarding humanitarian efforts (applicable to Sudan only).

### ***SBA Scrutinized Companies Identification Methodology***

The SBA has developed two lists (the Sudan List and the Iran List) of Scrutinized Companies with active business operations. The lists are developed by principally relying on the research and findings of our “External Research Providers.” Below is a brief description of our External Research Providers, which are maintained to provide input from multiple sources.

1. **EIRIS Conflict Risk Network (CRN).** In May 2013, the Conflict Risk Network became part of EIRIS, a global provider of environmental, social, governance, and ethical performance of companies. EIRIS provides services to more than 150 asset owners and managers globally, with a staff of over 60, based primarily in London. CRN was formerly known as the Sudan Divestment Task Force (SDTF).
2. **MSCI ESG Research (MSCI).** MSCI delivers corporate governance analysis and research to institutional investors. Through its ESG Research unit, MSCI offers screening services with specific and unique components of state law pertaining to investments in sanctioned countries, including Sudan and Iran.
3. **ISS-ESG (formerly IW Financial or IWF).** On January 5, 2017, Institutional Shareholder Services (ISS) announced its acquisition of IW Financial. IWF, in partnership with Conflict Securities Advisory Group (CSAG), has been a long-time provider of information on the business ties of publicly traded companies in Sudan and Iran.

Staff members within the Investment Programs & Governance unit, as well as other senior investment staff, review the assessments of the External Research Providers and other publicly available information. The SBA has utilized the following sources to evaluate over 400 companies and affiliates with reported links to Sudan or Iran:

#### Company disclosures:

- SEC filings (DEF 14A Proxy Statements, 10-K & 20-F Annual Reports, etc.)
- Investor Relations/company websites
- Industry publications and analyst research

#### Investment/Finance Organizations:

- Other Institutional Investors/Private Investors

#### U.S. Government Agencies:

- U.S. Department of State
- U.S. Treasury, Office of Foreign Asset Control (OFAC)
- U.S. Government Accountability Office (GAO)
- Dept. of Energy, Energy Information Administration (EIA)
- Congressional Research Service (CRS), Library of Congress

#### Other Sources:

- SBA External Investment Managers
- U.S. Federal Sanctions Laws covering State Sponsors of Terror
- Non-Governmental Organizations (NGOs)

Using the previous information sources, the SBA has developed two separate categorizations of a company’s involvement in Sudan and/or Iran.

1. **“Scrutinized”** — Information provided by several External Research Providers indicates that a company meets the definition of a “Scrutinized company” as defined in Section 215.473, Florida Statutes. Upon SBA review, a preponderance of the evidence supports the conclusions of the External Research Providers.

2. **“Continued Examination”** — At least one External Research Provider indicates that a company meets the definition of a “Scrutinized company” as defined in Section 215.473, Florida Statutes. In other words, the External Research Providers do not agree on the status of a company and the SBA is unable to definitively categorize the company’s activities as scrutinized without further research to resolve the differences. For companies classified as “Continued Examination,” the SBA will begin an engagement process to clarify each firm’s current business relationships.

**Quarterly Status Update Regarding Potential IRAN Expiration**  
*Florida Statutes, 215.473 (5) EXPIRATION (b) subparagraphs 1. and 2.*

Florida Statutes require a quarterly update on events relating to the status of expiration clauses 1 and 2, which are copied below in their entirety:

***F.S. 215.473(5)(b): If both of the following occur, the board may no longer scrutinize companies according to subparagraph (1)(dd)4., may no longer assemble the Scrutinized Companies with Activities in the Iran Terrorism Sectors List, and shall cease engagement, investment prohibitions, and divestment:***

The Congress and President of the United States affirmatively and unambiguously state, by means including, but not limited to, legislation, executive order, or written certification from the President to Congress, that the government of Iran has ceased to acquire weapons of mass destruction and support international terrorism;***

Update:

February 6, 2026: The United States and Iran met for nuclear talks in Oman. According to a Wall Street Journal report, “Tehran stuck to its refusal to end enrichment of nuclear fuel in talks Friday between senior U.S. and Iranian officials, but both sides signaled a willingness to keep working toward a diplomatic solution that could head off an American strike. According to Iranian state media, Foreign Minister Abbas Araghchi told his U.S. counterparts that Tehran wouldn’t agree to end enrichment or move it offshore, rejecting a core U.S. requirement.”

**Table 5: Correspondence & Engagement Efforts with Scrutinized Companies**

In accordance with Section 215.473(3)(a), F.S., the SBA began to engage companies on the September 19, 2007 Scrutinized Company lists. The SBA sent letters to each Scrutinized Company that was owned and held as of September 19, 2007, per the requirements of the law.

The SBA also sent written communication to other scrutinized firms since the initial company engagement effort in September 2007. Each letter encouraged the company to cease any active business operations within 90 days or convert such operations to inactive status to avoid qualifying for divestment by the SBA. In addition, the SBA sent a second letter to scrutinized companies on January 25, 2008, again requesting companies to provide all information necessary to avoid divestment.

On September 30, 2008, the SBA sent a follow-up letter to all Scrutinized Companies. Although, these companies are no longer held by the SBA, the September 30, 2008 letter was intended to once again provide notice of the requirements of the PFIA. Since our original correspondence, several companies on the scrutinized list have replied with valuable information. Each company's response and classification status is summarized below. Any company that responded to the SBA's written correspondence is highlighted in blue text.

As of November 10, 2023, the list of sectors subject to Iranian scrutinized operations was expanded to include the energy, petrochemical, financial, construction, manufacturing, textile, mining, metals, shipping, shipbuilding, and port sectors of Iran. In 2024, the SBA engaged in a series of correspondence with companies regarding compliance with the new legislation.

**Summary of Progress, SBA Investment Manager Engagement Efforts**

On August 20, 2007, the SBA sent letters to external investment managers notifying them of the Act and informing them of new contract language that would enforce their cooperation with the requirements of the new law.

On September 19, 2007, the SBA sent letters to all affected managers outlining the list of prohibited securities for any future purchases. The letter described the SBA's engagement process with companies on the list, which affords companies a 90-day period in which to comply with the conditions of the law or clarify their activities. The letter directed these managers to cease purchase of securities on the list and to await the direction of the SBA for any divestment necessary in the event engagement fails, with a deadline for divestment under the law of September 18, 2008.

On September 19, 2007, the SBA sent letters to actively-managed, indirectly held funds holding scrutinized securities, including managers of the defined contribution program, asking the funds to review the list of scrutinized securities and consider eliminating such holdings from the portfolio or create a similar fund, devoid of such holdings, per the requirements of the law.

Each quarter, the SBA sends written and electronic notification to all affected managers about the list of prohibited companies.

The SBA has received responses noting our concerns in writing and by phone from several of the contacted managers.

***Listing of All Publicly Traded Securities (Including Equity Investments)***

Due to the large number of individual securities and the volume of information, this list has been electronically posted to the SBA's website and is updated quarterly. A list of all publicly traded securities owned by the State of Florida can be found within the [Global Governance Mandates](#) section of the SBA's website. Please observe the electronic report's notes page for important clarifying explanations of included data.

In accordance with the PFIA, the SBA will report on the performance implications of PFIA-related divestitures and restrictions. Generally, the impact of PFIA legislation on performance is measured as the opportunity cost of not being able to hold prohibited securities, measured by comparing the monthly return of the standard foreign equity benchmark (i.e., the MSCI ACWI ex-US) to a custom foreign equity benchmark based upon PFIA divestiture requirements. The difference in returns between the standard benchmark and custom benchmark represents the opportunity cost to the SBA of not being able to invest in (or hold) prohibited companies. The percent return difference is then applied to the average monthly balance of foreign equity investments to determine a dollar impact. Monthly dollar impacts, whether positive or negative, are added together through time and then compared to the total value of the FRS Pension Plan to determine the percentage or basis point impact of PFIA legislation.

## ***Section 2: Prohibited Investments by the SBA, Companies or Entities that Boycott Israel***

### ***Section 215.4725 F.S.***

#### **Summary**

In 2016, the SBA was directed by state law to create a "scrutinized companies that boycott Israel" list, composed of companies that participate in a boycott of Israel including actions that limit commercial relations with Israel or Israeli-controlled territories in a discriminatory manner. The SBA is prohibited from acquiring direct holdings of the companies on this list. The law requires the SBA to use best efforts in identifying companies that boycott Israel, publish the list on a quarterly basis, send written notice to the companies, engage with the SBA's external managers concerning holdings of the companies on the list, and publish a list of the SBA's directly-held securities and certain other information detailed below.

During the 2023 session, the legislature revised section 215.4725, Florida Statutes, **requiring divestment of companies on the *Scrutinized Companies that Boycott Israel List* within 12 months, if engagement efforts fail.** Previously, there was only a prohibition on further purchases of companies on the list.

The 2023 statutory changes also expanded the term, "boycott of Israel", to include the following:

The term "boycott of Israel" includes taking adverse action, including changes to published commercial financial ratings, risk ratings, and controversy ratings based on nonpecuniary factors, to inflict economic harm on Israel or persons or entities doing business in Israel or in Israeli-controlled territories. The term includes trade practices that are prohibited by federal regulations issued in compliance with 50 U.S.C. s. 4842 and does not include trade practices that are preempted by federal law.

**UPDATE:** During the 2025 session, the Florida legislature and Governor DeSantis expanded section 215.4725, Florida Statutes regarding a boycott of Israel to include not just companies, but also other entities. The statute defines "Other Entity" to include, "an educational institution, a nonprofit organization, an agency, a local governmental entity or unit thereof, or a foreign government, including any of its public investment funds, public pension funds, sovereign wealth funds, or other government-sponsored investment funds."

The 2025 amendments to 215.4725, F.S., also expanded scrutinized activity to include academic boycotts of Israel in which an educational institution enacts, implements, or participates in activities that restrict academic relationships based on ties to Israel. The full definition of a "boycott of Israel" is provided on the following page.

Section 214.4725 previously applied only to the SBA's administration of the FRS pension plan, but the 2025 amendments expand the application of the divestment and prohibition provisions, including the related exemptions, to the endowments and retirement funds of the State University System.

#### **Primary Requirements of Section 215.4725 F.S.**

##### **1. Identification of companies or other entities**

As required by statute, the SBA will make best efforts to identify all scrutinized companies or other entities in which the SBA has indirect or direct holdings or possibly could have holdings in the future. The SBA reviews publicly available information, including from NGOs, non-profits, government entities and research firms. SBA staff is also frequently in contact with other institutional investors regarding anti-BDS efforts. Since the law went into effect, SBA staff has communicated with several stakeholder groups in our efforts to learn more about individual company activities and determine whether they meet the criteria of the Florida statute.

SBA contracts with external research providers to obtain information on companies or other entities that are potentially engaging in BDS activities, and SBA staff incorporates the information in making a final determination of scrutinized status based on Florida statute. External research providers sell their research

to a variety of subscribers, and they do not compile their lists specific to Florida law. The SBA currently contracts with ISS and MSCI. Companies that use ESG investment policies in a broadly applied manner are generally not considered by SBA to be acting in a “discriminatory manner” toward Israel.

Using various information sources, the SBA has developed two separate categorizations of a company’s status for consideration under this law.

**“Scrutinized”** — Information provided by an external research provider, publicly available information or information from the company itself or another reliable source indicates that a company meets the classification of a Scrutinized Company as defined by Florida law.

**“Continued Examination”** — Information suggests but does not clearly demonstrate that a company’s activities are a boycott of Israel. The SBA is unable to definitively categorize the company’s activities as scrutinized without further research to resolve the ambiguity. For companies classified as “Continued Examination,” the SBA will begin an engagement process to clarify each firm’s current business relationships.

The following definitions are provided by Florida Statutes to assist in company identification:

**“Scrutinized companies or other entities”** means companies or other entities that boycott Israel or engage in a boycott of Israel.

**“Boycott Israel” or “boycott of Israel”** means refusing to deal, terminating business activities, or taking other actions to limit commercial relations with Israel, or persons or entities doing business in Israel or in Israeli-controlled territories, in a discriminatory manner. A statement by a company, an educational institution, a nonprofit organization, an agency, a local governmental entity or unit thereof, or a foreign government that it is participating in a boycott of Israel, or that it has initiated a boycott in response to a request for a boycott of Israel or in compliance with, or in furtherance of, calls for a boycott of Israel, may be considered by the State Board of Administration to be evidence that a company or other entity is participating in a boycott of Israel. The term includes taking adverse action, including changes to published commercial financial ratings, risk ratings, and controversy ratings based on nonpecuniary factors, to inflict economic harm on Israel or persons or entities doing business in Israel or in Israeli-controlled territories. The term includes trade practices that are prohibited by federal regulations issued in compliance with 50 U.S.C. s. 4842 and does not include trade practices that are preempted by federal law.

As of July 1, 2025, the term “boycott of Israel” also includes an academic boycott of Israel in which an educational institution enacts or implements restrictive policies, or otherwise participates in activities having the object or effect of restricting ongoing or potential academic relationships, on the basis of ties to the State of Israel or its academic, educational, or research institutions, or by holding researchers, students, prospective students, guest lecturers, and artists-in-residence or institutions collectively liable for any alleged objectionable conduct by the State of Israel. An educational institution is deemed to have engaged in an academic boycott of Israel if any of its departments, centers, or other organs engages in a boycott, or, in the case of a foreign educational institution, if any faculty union recognized by that institution engages in a boycott.

**“Direct holdings”** are company securities held directly by the SBA or accounts in which SBA owns all interest (such as non-commingled funds).

**“Indirect holdings”** are company securities that are held in collective investment with other investors, such as commingled funds, mutual funds, or index funds.

## 2. Publish and reporting

By the first meeting of the Trustees of the SBA after August 1, 2016, the SBA will publicly release the *Scrutinized Companies that Boycott Israel* list and thereafter provide quarterly updates of the list based on evolving information and events.

The SBA shall file a report with each member of the Board of Trustees of the SBA, the Speaker of the Florida House of Representatives, and the President of the Florida Senate within 30 days after the list is created and shall make the report publicly available. At each quarterly trustee meeting thereafter, the SBA shall file a publicly available report to these persons. The quarterly reports will include:

- a. A summary of correspondence with companies engaged by the SBA as required above.
- b. All prohibited investments (*Scrutinized Companies* list).
- c. Any progress made with respect to requests of SBA's external managers to remove scrutinized companies from indirect holdings or create similar funds devoid of such holdings.
- d. A list of all publicly held securities held directly by the SBA.

Actions taken in compliance with this section must be adopted and incorporated into the Investment Policy Statement as provided in Section 215.4725, F.S.

### 3. Engagement

The SBA is required to determine the companies on the *Scrutinized Companies or Other Entities that Boycott Israel* list in which the SBA has direct or indirect holdings. For each company newly identified after August 1, 2016, the public fund shall send a written notice informing the company of its scrutinized company status and that it may become subject to investment prohibition by the public fund. The notice must inform the company of the opportunity to clarify its activities regarding the boycott of Israel and encourage the company to cease the boycott of Israel within 90 days to avoid qualifying for investment prohibition or divestment.

If, within 90 days after the public fund's first engagement with a company pursuant to this paragraph, the company ceases a boycott of Israel, the company shall be removed from the *Scrutinized Companies or Other Entities that Boycott Israel* list, and the provisions of this section shall cease to apply to that company or entity unless it resumes a boycott of Israel.

### 4. Divestment

The requirement to divest of anyone on the *Scrutinized Companies or Other Entities that Boycott Israel* list was added as of the 2023 Florida Statutes, and includes the following: if, after 90 days following the SBA's first engagement, the company or other entity continues to boycott Israel, the public fund must sell, redeem, divest, or withdraw all publicly traded securities of the company or other entity from the public fund within 12 months after the most recent appearance on the *Scrutinized Companies or Other Entities that Boycott Israel List*.

### 5. Prohibition

The SBA may not acquire directly held securities of companies or entities on the *Scrutinized Companies or Other Entities that Boycott Israel* list. Indirect holdings are exempt from the prohibition (such as commingled accounts, index funds and mutual funds). The SBA will submit letters to the managers of such investment funds which hold companies from the *Scrutinized Companies* list requesting that they consider removing the companies from the fund or creating a similar fund devoid of such holdings. SBA shall replace applicable investments in the similar fund devoid of such holdings in an expedited timeframe subject to prudent investing standards if the manager complies with such a request. Exchange-traded funds are also exempted from the prohibition and divestment requirements, without the requirement to contact the fund management. A cessation of the investment prohibition and divestment is allowed if the fund has evidence

that the assets under management become equal or less than 99.5% of the hypothetical fund value assuming no investment prohibition had occurred. This must be reported to the parties listed in “Publish and reporting” and updated semi-annually for the cessation to be authorized.

**In accordance with amendments to Florida Statute, 215.4725, Florida’s anti-BDS statute, “entities” have been added to the Scrutinized Companies or Other Entities that Boycott Israel List, beginning with the September 30, 2025, report. The statute previously focused on companies but has been expanded to apply to the following types of entities: educational institutions, nonprofit organizations, agencies, local governmental entities or units thereof, or foreign governments that are participating in a boycott of Israel.**

***Section 3: Investments in Publicly Traded Companies Operating in Northern Ireland***  
***(Section 215.4702 F.S.)***

**Summary**

The SBA is subject to s. 215.4702, Florida Statutes (F.S.) (“MacBride Principles”), which directs the SBA to notify publicly traded companies of support for the MacBride Principles, inquire regarding the actions a company has taken in support of or furtherance of the MacBride Principles, and encourage publicly traded companies with certain business operations in Northern Ireland to adopt the MacBride Principles. In addition, the SBA will also demonstrate support for the MacBride Principles through its proxy voting authority.

**Requirements of the Law**

As defined by the Northern Ireland statute, “publicly traded company” is any business organization having equity securities listed on a national or an international exchange that is regulated by a national or an international regulatory authority. In addition, “operating” is defined as actively engaging in commerce geographically in Northern Ireland through the acquisition, development, maintenance, ownership, sale, possession, lease, or operation of equipment, facilities, personnel, products, services, or personal property.

**Publishing and Reporting**

In making the determination specified in subsection (2) of 215.4702, F.S., the SBA may, to the extent it deems appropriate, rely on available public information, including information provided by nonprofit organizations, research firms, international organizations, and government entities.

The SBA is encouraged to determine which publicly traded companies, in which the Florida Retirement System Trust Fund is invested, operate in Northern Ireland. If the SBA determines that a publicly traded company meets such criteria, it is encouraged to engage with the company and determine its support for the MacBride Principles. SBA staff annually reviews the list of companies that meet the definition of publicly traded companies operating in Northern Ireland, and periodically engages those firms.

Update: During Q4 2021, the SBA conducted an engagement with all owned firms determined to have operations in Northern Ireland. The SBA sent letters to 219 firms, encouraging support for and adoption of the MacBride Principles.

**Section 4: Companies Operating in Cuba or Syria**  
**(Section 215.471 F.S.)**

**Summary**

The Free Cuba Act of 1993 was passed by the Florida Legislature in accordance with federal law. Chapter 215.471 of the Florida Statutes prohibits the SBA from investing in: (1)(a) any institution or company domiciled in the United States, or foreign subsidiary of a company domiciled in the United States, doing business in or with Cuba, or with agencies or instrumentalities thereof in violation of federal law; and (1)(b) any institution or company domiciled outside of the United States if the President of the United States has applied sanctions against the foreign country in which the institution or company is domiciled. Section (2)(a) states the SBA may not be a fiduciary with respect to voting on, and may not have the right to vote in favor of, any proxy resolution advocating expanded U.S. trade with Cuba or Syria.

**Requirements of the Law**

In order to comply with this law, the U.S. State Department and/or the Treasury Department's Office of Foreign Assets Control (OFAC) are contacted periodically to confirm that no sanctions have been implemented. Since the Act's inception, sanctions have never been issued against any country. During the most recent fiscal year ending June 30th, there were no shareowner proposals related to expanding trade with Cuba or Syria.

### ***Section 5: Companies Operating in Venezuela***

During the 2018 session, the Florida Legislature passed HB 359, prohibiting certain investments related to the Venezuelan government. The bill was signed into law by Governor Rick Scott and is effective July 1, 2018.

Florida Statute, 215.471 now requires that:

The State Board of Administration shall divest any investment under s. 121.151 and ss. 215.44-215.53, and is prohibited from investment in stocks, securities, or other obligations of:

(c)1. Any institution or company domiciled in the United States, or foreign subsidiary of a company domiciled in the United States, doing business in or with the government of Venezuela, or with any agency or instrumentality thereof, in violation of federal law. The term “government of Venezuela” means the government of Venezuela, its agencies or instrumentalities, or any company that is majority-owned or controlled by the government of Venezuela.

2. The Governor may waive the requirements of this paragraph if the existing regime in Venezuela collapses and there is a need for immediate aid to Venezuela before the convening of the Legislature or for other humanitarian reasons as determined by the Governor.

Florida Statute 215.472 addresses state agencies and requires that:

Notwithstanding any other provision of law, each state agency, as defined in s. 216.011, is prohibited from investing in: (3)(a) Any financial institution or company domiciled in the United States, or foreign subsidiary of a company domiciled in the United States which, directly or through the United States or foreign subsidiary, extends credit of any kind or character, advances funds in any manner, or purchases or trades any goods or services with the government of Venezuela, or any company doing business in or with the government of Venezuela, in violation of federal law. The term “government of Venezuela” means the government of Venezuela, its agencies or instrumentalities, or any company that is majority-owned or controlled by the government of Venezuela.

(b) The Governor may waive the requirements of this subsection if the existing regime in Venezuela collapses and there is a need for immediate aid to Venezuela before the convening of the Legislature or for other humanitarian reasons as determined by the Governor.

On August 16th, 2017, the Trustees of the State Board of Administration set forth a resolution condemning the oppression of the Venezuelan citizens under the current regime and set language to be included in the State Board of Administration’s Investment Policy Statement (Florida Retirement System Defined Benefit Plan) upon review of the Investment Advisory Council, and in accordance with s.215.475(2) Florida Statutes. The resolution included the following:

1. **Prohibited Investments.** Until such time as the SBA determines it is otherwise prudent to do so, the SBA is prohibited from investing in:
  - (a) any financial institution or company domiciled in the United States, or foreign subsidiary of a company domiciled in the United States, which directly or through a United States or foreign subsidiary and in violation of federal law, makes any loan, extends credit of any kind or character, advances funds in any manner, or purchases or trades any goods or services in or with the government of Venezuela; and
  - (b) any securities issued by the government of Venezuela or any company that is majority-owned by the government of Venezuela.
2. **Proxy Voting.** The SBA will not vote in favor of any proxy resolution advocating the support of the Maduro Regime in Venezuela.

## **Section 6: Prohibited Investments in China**

### **Summary**

During the 2024 legislative session, Florida Statutes were amended to include a section on Prohibited Foreign Investments, F.S. 215.4735, which prohibits the State Board of Administration (SBA) and the Florida Retirement System Trust Fund from acquiring or maintaining direct holdings in companies that are majority-owned by China.

The Prohibited Foreign Investments statute required that the SBA:

1. Initiate, no later than June 1, 2024, a review of all current direct holdings to determine which direct holdings, if any, include securities of a Chinese company. "Chinese company" is defined as a company that is publicly known to be majority-owned by China (i.e., the government of the People's Republic of China, the Chinese Communist Party, the Chinese military, or any instrumentality thereof, or any combination thereof.)
2. Develop, no later than September 1, 2024, a divestment plan for all direct holdings in Chinese companies.
3. Complete divestment from direct holdings in Chinese companies included in the divestment plan no later than September 1, 2025, or at such later time if necessary for the board to implement the divestment plan consistent with the fiduciary standards set forth in s. 215.47(10).

### **Update on the SBA's Divestiture Timeline and Completion:**

1. The SBA's initial screen, completed in May 2024, resulted in 547 securities that were determined to be majority-owned by China and placed on the Prohibited Investments in China List. The SBA held 69 of the companies on the List, with a value of approximately \$226 Million at the time the statute became effective.
2. On August 19, 2024, the SBA General Counsel's Office issued the SBA's formal Divestment Plan. Pursuant to the Divestment Plan, the SBA General Counsel's Office also provided a notice to the SBA's external investment managers setting forth additional information regarding the Statute and the basic terms of the Divestment Plan and requiring the managers to divest all Listed Securities prior to September 1, 2025.
3. As of July 9, 2025, the SBA completed full divestment of all direct holdings of Chinese companies in the Divestment Plan.

Going forward, the SBA and its portfolio managers may not acquire, on behalf of the Florida Retirement System Trust Fund, direct holdings of any companies on the Prohibited Investments in China List.

**As of this quarterly update (February 24, 2026), an additional 11 companies have been added to the Prohibited Investments in China List, bringing the total to 625 companies. No companies were removed this quarter. New and existing companies are provided on the SBA's website, as noted below.**

Due to the large number of individual securities and the volume of information, the Prohibited Investments in China List has been posted to the SBA's website and will be updated quarterly in coordination with publication of the Global Governance Mandates report. The list of prohibited Chinese majority-owned securities can be found on the SBA's Global Governance Mandates webpage:
